**3<sup>rd</sup> – The Life and Magick of Aleister Crowley**

"Aleister Crowley, who died in 1947, has been seen as a man of notorious sexual habits, a hero of the flower-power generation of the 1960s, and a satanic occultist. But Crowley was neither a mere sexual athlete nor a vulgar black magician. He was the synthesiser of what he called "Magick", a system of occult philosophy and technique which combined clarity, consistency, intellectual power and a strange, if sometimes frightening beauty."

Although mostly overlooked today, he was a prolific writer and consistent exponent of the occult arts, and wrote some beautiful poetry. Some of his writings and practices will be explored in this talk.

Mardi is a long-standing member of Hamilton branch, and an excellent presenter.

**10<sup>th</sup> - The Hierarchy and Spiritual Paths**

Charles will facilitate an introduction to the Hierarchy and spiritual paths that lead to enlightenment, taken from Geoffrey Hodson's book *Supreme Splendour: a study of universal creative processes*.

Geoffrey Hodson (1886--1983) was an internationally known clairvoyant who spent more than sixty years as a global. He conducted clairvoyant research, including first-hand investigations of the angelic evolution, in collaboration with medical professionals, physicists, anthropologists, and archeologists.

Shared vegetarian meal at 6.00pm. All welcome.

**17<sup>th</sup> – A Buddhist meditation**

Led by Barry Cope, a member of Hamilton branch.

**24<sup>th</sup> – The Lost Book of Enki: Memoirs and prophecies of an extraterrestrial god**

The author is an orientalist and Biblical scholar, able to read clay Sumerian texts and other ancient scripts. This is a look at the text on the tablets from the perspective of a leader of the Anunaki (those who from Heaven to Earth come),

I may not have gone where I intended to go, but I think I have ended up where I needed to be.

~ Douglas Adams
