Hamilton Lodge of the Theosophical Society

June 2008

Greetings, members and friends,
While our May programme "Pioneers of Theosophy" may not have attracted new members, we have all been entertained and inspired by the larger-than-life theosophists from the Victorian era to our own place and time. In June we move to the present with UFO's, life cycles, Sikhism to-day and the divine power of sound.

Teaser

Nikki, Heke and Mickey came first, second and third. The shortest, an only child, came second. Nikki who is taller than the winner married Heke's sister. Who won?

June Programme

Sunday 1 June Queen's Birthday - no meeting

Sunday 8 June (members meeting - pot-luck vegetarian meal 6 p.m.)

Title: **UFO's - Legend and Reality**

This fascinating DVD looks at close encounters at first and second hand, and explores their spiritual meaning; a truly theosophical movie.

Sunday 15 June

Title: **Navigating your way through the seasons of life** Presented by: **Kavita Parshotam**

Adult years move in a cyclical pattern much like the seasons of nature. This pattern is predictable and repetitive. Knowledge of the pattern enables us to move through it consciously while harvesting the rich abundance of each stage.□

- find out where you are in this pattern
- get answers on why you feel the way you feel.
- learn how to avoid burnout and stay renewed.
- increase your sensitivity to the needs, desires and experiences of others
- learn how to stay renewed and revitalised throughout your adult years.

Sunday 22 June

Title: **Sikhism**

Presented by: **Pritpal Singh**

The Sikh religion is very modern, a scientific philosophy of the brotherhood of mankind, caring and sharing, and the equality of all humans. "There is one God - Truth is his name; he is the Creator - without fear and without enmity."

Pritpal Singh is the chief priest of the Hamilton Sikh community.

Presented by: **Charlottemarie**

“Every atom has a frequency, every spirit a song, awaiting the season of the illuminated heart.” The presentation “integrates knowledge and information with the transforming experience of how sound affects our physical, energetic, mental, emotional and consciousness bodies through the human voice.” Charlottemarie is an internationally known singer who has been “called” to New Zealand.

Some More Websites

We have had no feedback of interesting sites yet. You may like to Google one of these: crystalinks (very wide-ranging), noetic sciences (cutting-edge stuff), global consciousness (amazing) and, closer to home, our own www.theosophy.org.nz. Please let Brian know of any sites that have intrigued or inspired you.

What we are to-day comes from our thoughts of yesterday, and our present thoughts build our life of tomorrow: our life is the creation of our mind.
